madhavan908792@gmail.com
https://github.com/madhavanrskilljobbie

Java Full Stack Developer skilled in building scalable web applications using Core Java, Spring Boot, Servlets, JSP, and Angular. Experienced in developing RESTful APIs, integrating front-end and back-end systems, and working with MySQL using JPA and Hibernate while following clean coding practices.

EXPERIENCE

- Developed and maintained Java-based web applications using Core Java, Servlets, JSP, and Spring Boot.
- Built and integrated RESTful APIs and collaborated with UI teams for responsive interfaces.
- Debugged, optimized, and delivered stable applications while following clean coding standards.

TECHNICAL PROJECTS

E-Commerce Platform | Full Stack Developer - 2 Months

- Developed a full-stack e-commerce application with secure login, product management, and shopping cart flow.
- Built backend services using Spring Boot and exposed REST APIs.
- Integrated Angular front-end with backend APIs for dynamic user interaction.
- Ensured responsive design and smooth user experience across devices.

MyJobbie | Java Web Application - 6 Months

- Developed a job portal application with advanced job filtering and responsive UI.
- Implemented backend functionality using Java Servlets and JSP.
- Designed features for job listings, candidate profiles, and application workflows.
- Validated application logic and fixed functional and UI issues to enhance performance.

EDUCATION

2023 - 2025

Master of Science
Bharathidasan University, MSc Mathematics
Major: Mathematics | Minor: Computer Science

TECHNICAL SKILLS

- **Frontend**: HTML, CSS, JavaScript, Angular, Typescript
- **Backend:** Core Java, Servlet, Spring MVC, SpringBoot
- **Database:** MySQL, MongoDB, MariaDB, h2 Database
- **API:** Restful API, WebSocket
- **Database Connection:** JDBC, Hibernate, JPA
- **Security :** JWT, DAO Authentication
- **Web & Application Server:** Tomcat9.x,Tomcat10.x.
- **Tools:** Eclipse, Spring STS, Visual Studio

- **Core Competencies**
- UI & Responsive Design
- Accessibility Best Practices
- Debugging & Issue Resolution
- Team Collaboration
- Problem Solving
